

Star Club Small Boats Head 22nd November 2009

Boston Rowing Club (BRC) rowers have shone at Bedford this weekend, as the town's Star Rowing Club held their annual head of the river race.

Ben Thomas and Will Champion took first place in the junior boy's double sculls in the first division of the day on the 2Km course. Rowing together as a four for the first time; Harriet Housam, Mia Heaton, Nicole Hendy, Olivia Apletree and Leanne Cozens (Cox) took first place in the women's novice fours which was made even sweeter as it was their first sweep oar rowing event as well. Alex Young made his debut at a rowing event with junior coach Jeff Elms in an intermediate 3 double scull and also took away a class winners medal.

BRC took part in all five divisions of the day in better than predicted weather, however the heavens opened during the second division, but the rain refused to dampen spirits as all 24 of BRC's competed and fought off some very strong competition from around the country.
